

Neal's Bio:

As General Manager of Specialty Markets, Neal Tilghman endorses a client focused and strategic market model around Netsmart's Specialty Market solutions with a keen awareness of the current state while maintaining a forward-looking approach as to where our clients need to be and how we get them there with the appropriate technology. As an advocate of integrated care, Neal promotes whole person care as the best means to improve patient care, achieve better outcomes and reduce costs. Neal received his bachelor's degree and Masters in Public Administration from East Carolina University.
